Legal Disclaimer

The “Code of Conduct for persons participating in EASO operational support activities” was first published by the Agency in October 2016, under its former mandate as the European Asylum Support Office (the ‘EASO’)¹. On 19th January 2022, with the entry into force of Regulation (EU) 2021/2303 (the ‘EUAA Regulation’)², **EASO was replaced and succeeded by the European Union Agency for Asylum (the ‘EUAA’)**. Based on its new founding act, the EUAA succeeded EASO as regards all ownership, agreements, legal obligations, employment contracts, financial commitments and liabilities³, and all references to EASO shall be construed as references to EUAA⁴.

The Management Board of the Agency confirmed this principle in its Decision No. 96, whereby it provided that the Agency’s transition from the former EASO to the EUAA shall not have any impact as such on any existing internal legal acts concluded under Regulation (EU) 439/2010, and by specifying that any references in any such existing internal legal acts to ‘EASO’, ‘the Agency’, ‘the European Asylum Support Office’, ‘the EASO Regulation’ or ‘Regulation (EU) 439/2010’ should be construed as references to ‘EUAA’, ‘the European Union Agency for Asylum’, ‘the EUAA Regulation’ or ‘Regulation (EU) 2021/2303’, respectively.

On this basis, the “Code of Conduct for persons participating in EASO operational support activities” remains applicable in the version adopted in October 2016 and remains the only authentic version of the Code⁵.

For all purposes of its implementation, the present Code of Conduct shall be read as “Code of Conduct for persons participating in EUAA operational support activities”, whereby “operational support activities” shall be read as “operational and technical activities” of the Agency, in accordance with its current mandate.⁶

In the interest of clarity and readability, this new version is being disseminated, which replaces all mentions of “EASO” throughout the Code with mentions of “EUAA”. It also updates all references to specific articles in the former EASO Regulation with references to

corresponding articles in the EUAA Regulation.⁷

This disclaimer serves to clarify that a new Code of Conduct in the understanding of Article 58 of the EUAA Regulation, for the purposes of the Agency's extended mandate, is currently being developed and will be adopted in the future, replacing the Code of Conduct for persons participating in EASO operational support activities. The Agency will communicate its adoption in due course.
